About Us

The Girl Foundation is a Non-Profit Organization that has been striving to educate and empower women in various aspects of life.

We are focused on obtaining a 100% success rate in terms of women education, female health and hygiene and sustainable development goals.

01 Women Education

We conduct awareness campaigns in government schools, colleges and villages and educate women on the importance of pursuing education and also assist the ones in need.

02 Menstrual Hygiene

We organize educational sessions in schools, colleges, shelter homes, orphanages and organizations alike and educate women on all aspects of having a safe and healthy menstruation.

03 Period Poverty

We conduct donation drives wherein women with the needs of struggling women are addressed about their concerns of period poverty. We distribute biodegradable sanitary pads. This is done in support of our donors and Period Healthcare.

04 Menstrual Waste Management

Girls and women of various zones are educated about managing their menstrual waste. Through sessions and speeches, we help them learn about how to dispose pads the right way and manage the waste.

05 Sustainable Development

We strive to make the world a much better and healthier place to live. We educate women and girls of different ages on how they can contribute in this bigger and sustainable initiative.

Unlock Incredible Benefits

Once you have signed up for the volunteership (internship) program, you are required to:

- Attend the orientation session.
- Be a part of the program for a least 3 months.
- Attend the campaigns as per your convenience (weekdays or weekends).
- Dedicate your time to reach to corporates, schools and colleges to spread the message of The Girl Foundation.
- Contribute your efforts to make the campaigns a success.

UNO Accreditation

You receive a certification accredited by UNO, which adds a great advantage to your profile, throughout your career.

Public Speaking

You are given an opportunity to meet prominent personalities and address the audience, which improves your confidence and public speaking skills.

Skills Endorsement

Your skills of community service, teamwork and leadership are endorsed by the founder, through a lifetime valid letter.

Want to Refer us To a Friend? You're Always Welcome!

Our volunteers are our biggest strength. The more volunteers we have, the more powerful we become to serve the community. Feel free to refer us and #DoYourBit in making this world a better place for women!
